

## ER Visit Forms/Consent/HIPAA Information:

1. HIPAA is NOT ABOUT PRIVACY. DO NOT SIGN. <https://patienttoolbox.cchfreedom.org/pmh.php/18>
1. Consent Forms: Request a form limited to treatment and payment. Nothing else is needed. Get a copy for your records. <https://patienttoolbox.cchfreedom.org/pmh.php/22>
2. Revoking Consent: If you didn't have time to say no to the consent forms when you first arrived, you can revoke consent as soon as possible: <https://patienttoolbox.cchfreedom.org/pmh.php/39>
3. Questionnaires: Only answer what you want to answer. These forms are usually for data gathering by government & profiling. <https://patienttoolbox.cchfreedom.org/pmh.php/12>
4. Electronic Health Records (EHR): The Foundation for the Affordable Care Act
  1. Designed for DATA BEAST & BILLING. NOT CARE.
  2. Controls what decisions are made in the exam room, your doctor has no choice except what EHR has propagated.
  3. Telehealth, Virtual, In person Scribes record what you say to your doctor.
  4. EHR's can cause Medical Errors, injury, death.
  5. EHR's cause Doctor Burnout.<https://www.cchfreedom.org/ehrbook.php>
